About Us

Quality Innovation Commitment Service

Since 1977, Quality Packaging Corporation has been built on four foundational principles: QUALITY, INNOVATION, COMMITMENT, and CUSTOMER SERVICE. These values have guided us through nearly five decades of dedicated service in the packaging industry.

Our journey began with expertise in corrugated applications for the thriving furniture industry. Since 2000, we have evolved into a leading industrial packaging company, serving customers through a network of local and regional distributors and experiencing steady growth along the way.

Throughout this evolution, we have remained true to our founding principles. At Quality Packaging Corporation, we believe in cultivating lasting relationships with our employees, vendors, and distributors—all grounded in the same core values that established our company nearly 50 years ago.

Thank you for your business!

QuikPACK

Flexible On Demand Packaging

Patent No: US 10,661 545 B1

OUR PATENTED CABINET SOLUTION

Our patented packaging solution QuikPACK is our in house solution to complete cabinet packaging. From our completely bespoke machinery to the patented design of the packaging, we offer the fastest and most efficient way to package cabinets in the industry. With our machinery and QuikPACK product, customers are able to cut down on space, time, and labor for packaging their cabinet lines.

dwilliams@qualitypackagingcorp.com

Why Choose Our QuikPack?

Since 1977, we have been specialists in singleface production and have grown to become one of the largest singleface manufacturers in the country. Through our nearly five decades of experience, we have perfected our manufacturing process to produce singleface rolls that consistently exceed industry standards. QuikPack is our patented innovation based on our premier singleface product that demonstrates our understanding and mastery of how to produce these rolls, and how to design machines specially for them.

Capabilites:

- Flutes: B Flute with Poly Liner
- Roll Sizes:
  - 24" x 250'
  - 30" x 250'
  - 34.25" x 250'
  - 42" x 250'
- Paper Grades:
  - Recycled 23M- 23M
  - Linerboard grades available
- 1 Color Printing available

Single Face Rolls & Sheeting

About our Singleface

We are able to supply A Flute, B Flute, and E Flute rolls in a wide variety of sizes that can be tailored exactly to any client's specific requirements. Each flute profile offers distinct advantages—from the superior crush resistance of A Flute to the excellent printability of E Flute—allowing customers to select the optimal protection level for their application. Our singleface rolls serve as a versatile solution across multiple industries, functioning as an effective protective buffer between products during shipping, storage, and handling.

Quality Packaging was founded on our key principles of trust, loyalty, commitment, and integrity. We uphold these values each and every day, and they are represented through the quality of our products.

Jerry Hill - Founder and CEO

Pyramid Pads

About our Pyramid Pads

Our Pyramid Pad products are designed to serve a multitude of packaging needs. They are ideal for furniture packaging, interior box protection, and providing superior corner protection for items during shipping and storage. The corrugated pyramid structure delivers exceptional cushioning and impact resistance, making them perfect for safeguarding valuable goods in transit. Their versatile corrugated design adapts to various packaging challenges while maintaining our commitment to superior quality.

Capabilities

- Paper Types:
  - C-Flute Cardboard
- Roll Edge Sizes:
  - Mini: 6" x 6" x 6"
  - Standard: 8.5" x 8.5" x 8.5"
- Thickness
  - Mini: 2 - 6 Ply
  - Standard: 2 - 8 Ply

U-Channel

About our U-Channel

Our U-Channel products are designed to serve a multitude of packaging needs. They are ideal for edge protection during shipping, cushioning fragile items in transit, and providing corner guards for boxed products. Whether you need to protect glass surfaces, electronics, artwork, or furniture edges during packaging and shipping, our corrugated U-Channel solutions deliver superior protection and peace of mind.

Capabilities

- Paper Types:
  - A-Flute Singleface
- U-Channel Sizes:
  - Legs: 1" to 4"
  - Lengths: 10" - 96"
  - Thickness: 2 - 8 Ply
  - Channel: 1 - 5"
